# HP Latex FS60 Printer

Deliver stunning results with a superwide printer that scales productivity while optimizing costs

STUNNING—Quality that drives high margins

- You can grow into higher-margin jobs with up to 30% wider gamut[1] at high speed—preserving media gloss, feel.
- Stand out with a wide range of signage and décor applications—thin films, vinyl, odorless[2] backlit textiles.
- Consistent color and quality configurations across your global fleet with HP Configuration Center[3].

EFFICIENT—Scalability to optimize costs, workflow

- Integrate future enhancements with a scalable platform ready to meet evolving business needs.
- Meet tight turnarounds with speeds up to 89 m² (958 ft²) per hour[4] today.
- Lower costs over time with upgraded 10L ink capacity and printheads that you can replace yourself.
- Print remotely and monitor fleet with HP Live Production included in HP Professional Print Service Plan.[5]

SUSTAINABLE—With environmental certifications

- This printer is built to last[6] thanks to its scalable design.
- Create a comfortable workspace—water-based inks enable odorless prints[2] and no hazardous air pollutants[7].
- Stand out with an offering that meets environmental certifications like UL ECOLOGO®[8] and UL GREENGUARD[9].
- Contribute to the circular economy with HP Planet Partners[10] and PVC alternative media profile database[11].

Sustainability in action

Messaging Footnotes

[1]Based on testing commissioned by HP and performed by Venture Electronics Spain, comparing the gamuts of HP Latex Gen 4 inks with those of leading competitive alternatives using UV technology. Test performed under the same conditions in all printers measuring the ECI2002 target with the FD-9 spectrophotometer from Konica Minolta.

[2]Based on testing commissioned by HP and performed by Odournet and applicable to HP Latex Inks. Testing conducted according to VDI Guideline 3882 where 832 and 873 inks were characterized as "weak" in odor intensity and "neutral" for hedonic tone. There is a broad set of media with very different odor profiles. Some of the media can affect the odor performance of the final print.

[3]HP Learn's free training content, HP Print Beat remote monitoring of production and analytics, HP PrintOS Mobile, and HP Configuration Center are available free of charge for all HP printers compatible with HP PrintOS. Requires an HP PrintOS account, Internet connection, and connected Internet-capable device. For more information, see http://www.printos.com.

[4]Based on internal HP testing. Outdoor mode 3-pass, 6-color, 90%. While CMYK and Optimizer are duplicated with symmetrical double printheads, Overcoat, Light Magenta and Light Cyan rely on single printheads.

[5]HP PrintOS Live Production is available for subscribers of the HP Professional Print Services Plus Plan. Please consult your HP representative for information about availability and/or geographic coverage. Requires an HP PrintOS account, Internet connection, and connected Internet-capable device. For more information, see http://www.printos.com.

[6]Based on HP Large Format supplies Long Term Plan, at least 70% of printers installed, from the previous generation, are still in use in 2024. And on average printers in use are 6-7 years old and at least 50% of printers are > 6 years old.

[7]HP Latex Inks were tested for Hazardous Air Pollutants, as defined in the Clean Air Act, per U.S. Environmental Protection Agency Method 311 (testing conducted in 2013) and none were detected.

[8] UL ECOLOGO® Certified HP 832, HP 872, HP 873, and 882, FS50 and FS60 printer series Latex Inks meet a range of stringent human health and environmental considerations. For certifications, see http://www.ul.com/EL and http://www.ul.com/gg.

[9] Applicable to HP Latex Inks. UL GREENGUARD Gold Certification to UL 2818 demonstrates that products are certified to UL's GREENGUARD standards for low chemical emissions into indoor air during product usage. Unrestricted room size—full decorated room; 33.4 m² (360 ft²) in an office environment; 94.6 m2 (1,018 ft2) in a classroom environment. For more information, visit http://www.ul.com/gg or http://www.greenguard.org. For certifications, see http://www.greenguard.org.

[10]Visit http://www.hp.com/recycle to see how to participate and for HP Planet Partners program availability; program may not be available in your jurisdiction. Where this program is not available, and for other consumables not included in the program, consult your local waste authorities on appropriate disposal.

[11]HP applications experts have evaluated the catalog of media listed in the HP Media Locator based on internal criteria to identify those that provide alternative solutions with certain environmental benefits compared to the typical media within the same application type. The information in media locator is provided by the media substrate vendors. HP is not responsible for the veracity of the information from third-party companies published on the HP website. See http://www.hp.com/go/mediasolutionslocator.

Technical specifications

Print

Print speed	1302 ft²/hr (2-pass); 958 ft²/hr (3-pass); 743 ft²/hr (4-pass); 527 ft²/hr (6-pass); 409 ft²/hr (8-pass); 312 ft²/hr (10-pass)
Print resolution	Up to 1200 x 1200 dpi
Technology	HP Latex Printing Technologies
Ink types	Water-based HP Latex Inks
Print Cartridges/Bottle, Number	8 (black, cyan, light cyan, light magenta, magenta, yellow, HP Latex Optimizer, HP Latex Overcoat)
Print cartridge/bottle volume delivered	10 L (color)
Printheads	8 (6 HP Latex Universal, 2 HP Latex Optimizer)
Long-term print-to-print repeatability	Maximum color difference (95% of colors) ≤ 2 dE2000

Media

Applications	Exhibition and event graphics; Decoration; Displays; Exterior signage; Indoor posters; Banners; Light boxes - film; POP/POS; Textile; Vehicle graphics; Wallpaper
Handling	Roll-to-roll, double-sided blockout, dual-roll, roll-to-freefall (optional), ink collector (optional)
Maximum media width	126 in (single roll); 2 x 63 in (dual roll); 2 x 60 in (jumbo dual roll)
Media rolls	1 (2 with dual roll kit)
Roll size	Up to 126 in (single roll); Up to 2 x 60 in (dual roll)
Maximum roll weight	Up to 661 lb (single roll); Up to 2 x 440 lb (dual roll)
Maximum roll diameter	Up to 15.75 in
Thickness	Up to 0.015 in (default); up to 0.08 in (with custom carriage height setting)
Media types	Banners, self-adhesive vinyls, films, papers, wallcoverings, canvas, synthetics, fabrics, mesh, textiles[1]

Connectivity

Interfaces	Intel I210-T1 Gigabit Ethernet (1000Base-T)

Dimensions (W x D x H)

Printer	228 x 54 x 66 in
Shipping	231 x 71 x 75 in

Weight

Printer	2873 lb
Shipping	4556.95 lb

Included

What's in the box	HP Latex FS60 Printer, printheads, 126-in spindles (x2), HP Internal Print Server, HP Latex 2700/FS Jumbo Dual Roll Kit, HP Latex 2700/FS Ink Collector Kit, touch monitor, documentation software, user manual, media edge holders, Original HP sample media, cleaning supplies, pneumatic gun, User Maintenance Kit

Environmental ranges

Operating temperature	59 to 86ºF
Operating humidity	20 to 70% RH (non-condensing)

Acoustics

Sound pressure	Printing: 71 dB(A) (operating), 58 dB(A) (idle)

Power

Consumption	12-13 kW (printing), 510 W (ready), 110 W (low power mode), 100 W (shutdown)
Requirements	Input voltage 200-240/380-415 V Delta/Wye three-phase and PE; 50/60 Hz; 56/35 A

Certification

Safety	IEC 62368-1 compliant; United States and Canada (CSA listed); EU (MD compliant, EN60204-1, EN12100, EN13849-1, EN1010-1); Ukraine (UA)
Electromagnetic	Compliant with Class A requirements, including: USA (FCC rules), Canada (ICES), EU (EMC Directive), Australia (ACMA), New Zealand (RSM), Korea (KCC)
Environmental	WEEE, RoHS (EU, China, Ukraine), REACH, CE marking compliant
Warranty	Two-year limited hardware warranty

Specification Footnotes

[1] Performance may vary depending on media—for more information, see http://www.hp.com/go/mediasolutionslocator . For best results, use textiles that do not stretch. The optional ink collector is required for porous textiles.

[2] This product does not contain substances listed as SVHC (155) per Annex XIV of the EU REACH directive published as of June 16, 2014 in concentrations exceeding 0.1%. To determine the status of SVHC in HP products, see the HP REACH Declaration published at HP Printing Products and Consumable Supplies.
